📍 Faisalabad, Punjab, Pakistan

Professional Summary

Final-year Zoology student at Government College University Faisalabad with a strong passion for Data Science, Machine Learning, Artificial Intelligence, and Software Development. Skilled in Python programming, data analysis, machine learning frameworks, and modern AI technologies. Experienced in developing academic and personal software projects while continuously expanding technical expertise through practical implementation and self-learning. Seeking opportunities to contribute analytical thinking, research abilities, and technical skills in data-driven and technology-focused environments.

Education

Government College University Faisalabad (GCUF) BS Zoology (7th Semester) Session: 2023–2027	CGPA: 3.33/4.00
---	------------------------

Technical Skills

- **Languages:** HTML, CSS, Python
- **AI/APIs:** TensorFlow, PyTorch
- **Tools:** Git, GitHub
- **Data Science:** Pandas, NumPy, Scikit-Learn
- **Data Visualization:** Matplotlib, Seaborn, Plotly
- **Computer Vision:** OpenCV
- **IDEs:** VS Code, Jupyter Notebook, Google Colab, PyCharm, Antigravity
- **Machine Learning:** Machine Learning, Deep Learning
- **AI Tools:** ChatGPT, DeepSeek, Claude, Gemini, Grok, Gamma, Manus, Perplexity
- **Design Tools:** Figma, Canva, Adobe XD, Adobe Photoshop, Adobe Illustrator
- **Others:** Kaggle, LabLab.ai, Discord

Projects

- **Face, Eye & Smile Detection using OpenCV** A real-time computer vision application that detects faces, eyes, and smiles using OpenCV and a webcam for live detection ([Github](#))
- **Python Calculator** A command-line calculator built with Python that performs essential arithmetic operations with a simple, clean, and beginner-friendly interface ([Github](#))
- **Restaurant Management System** A Python application designed to manage restaurant operations, including menu handling, order processing, billing, and customer management. ([Github](#))
- **Student Management System** A Python-based application for managing student records, allowing users to add, update, search, and delete student information efficiently ([Github](#))
- **Personal Portfolio Website** A modern, responsive personal portfolio website showcasing my skills, projects, certifications, education, and achievements with a clean design and smooth user experience ([Portfolio](#))

Achievements & Milestones

- Earned Harvard University's CS50x Puzzle Day 2026 certificate by solving all 10/10 challenges. ([Linkedin](#))
- Completed Python coursework from Saylor Academy with 88.94%. ([Linkedin](#))
- Participated in coding competitions hosted by UC Berkeley (2026).
- Participated in coding competitions hosted by UCLA (2026).
- Participated in 5+ AI Hackathons.
- Mentored 25+ students in programming, GitHub, and technology.
- Active GitHub contributor with multiple projects.
- Ranked #87 on a GitHub leaderboard in 87 days. ([Linkedin](#))
- Achieved 1150+ GitHub contributions in 100 days. ([Linekdin](#))

Areas of Interest

Artificial Intelligence, Machine Learning, Deep Learning, Computer Vision, Data Science, Python Development, Open Source, Software Engineering, Research.
